**Type DM - Mounting Options  
DM2 Adapter Plate**

DM2 Adapter Plate (Part # 122161001)

The DM2 adapter plate is designed to allow easy replacement of Type DY2 interlocks with Type DM interlocks. Because of the large number of Type DY2 interlocks installed in the field, we recognized a need for a mounting plate that will accommodate the Type DM interlock. The Type DM interlock will bolt to the DM2 adapter plate with 3/8-16 x 1-3/4" bolts.

The DM2 adapter plate is made from zinc plated steel and can be bolted or welded to your door or door jamb.
